EXECUTIVE SUMMARY

I am a third-year undergraduate at Nanyang Technological University's Wee Kim Wee School of Communication and Information, pursuing a Bachelor's degree in Communication Studies with a second major in Business. With a strong interest in media production, content creation, and storytelling, I have gained experience in video production, photography, event operations, and media-related projects, strengthening my skills in creative production and visual storytelling. Passionate about the entertainment industry, I aspire to create meaningful content while leveraging my communication expertise, creative abilities, and business knowledge.

EXPERIENCES

INTERNSHIP

SPUR MEDIA GROUP | EVENTIONS GROUP | JEST MEDIA

Intern (Content & Video Editing) Jun 2025 - Dec 2025

- Developed and scripted social media content, including an office skit series which boosted audience engagement
- Planned and executed on-site and virtual events by managing equipment and ensuring seamless operations through detailed checklists
- Supported technical setup and on-set production across live events, corporate, and social media content shoots, contributing to smooth filming sessions
- Participated in high-profile events (e.g. Star Awards 2025, Shell F1 Meet and Greet), gaining hands-on experience with real-time workflows
- Filmed and produced behind-the-scenes content, recording the event and showcasing the team in action
- Managed media assets and edited post-production content, delivering polished videos for company accounts

CHANGI TRAVEL SERVICES

Video Production Intern Jan 2024 - Jul 2024

- Collaborated with stakeholders to define corporate video goals, aligning creative direction with business objectives and ensuring clear, purpose-driven content
- Managed pre-shoot logistics, coordinated actors/interviewees, scheduled shoots, and prepared equipment to ensure timely and organised production
- Served as assistant director and second camera operator to facilitate efficient filming and adherence to shoot flow
- Edited internal video projects and prepared OK-cuts for external projects, streamlining post-production handover with a more efficient editing pipeline
